- 1 Why did you choose this workshop?
- 2 What teaching materials do you currently use with your registrars?
- 3 How often do you do shared surgeries?
- 4 Would you be interested in facilitating CSA groups?
- 5 What support would you need from the Deanery to be able to facilitate a CSA group?
- 6 Do you think that the CSA prepares registrars for life in General Practice?
- 7 How do you prefer to do your own education?
- 8 How likely are you to recommend the resources on RGP to your registrar?
- 9 How likely are you to use the RGP resources for your own education?

1 Why did you choose this workshop?

020

Nothing else left

Trainees struggle with the CSA

It sounds like a fantastic resource that I'd like to use

I'm curious about this new resource

If I'd read the blurb properly I would have gone to Hugh Alberti's session

2 What teaching materials do you currently use with your registrars?

020

I recommend courses eg GP update and Hot topics

books e.g. CSA

video material e.g. How to Pass the CSA Exam: for GP trainees and MRCGP CSA candidates (Pub Wiley)

podcasts e.g. inside health

none of these options (shout out what you use instead)

3 How often do you do shared surgeries?

020

weekly

fortnightly

monthly

occasionally

never

4 Would you be interested in facilitating CSA groups?

015

5 What support would you need from the Deanery to be able to facilitate a CSA group?

012

- Funding- to cover colleague (newly qualified, side-saddle) & decent IT
- Find keen GPRs. IT & paper resources.
- In working hours ideally. If not properly reimbursed for our time. I sadly am not be as generous as Keith!
- Loads of money
- Resource of backfill to cover my time away from clinical work
- Funding for time spent away from practice work
- Protected time, backfill
- Protected time, paid, within working day.
- Time and resources
- Time/ money for time to facilitate this
- Training Time - funded
- Protected time and funding

6 Do you think that the CSA prepares registrars for life in General Practice?
